# CORTECO SEAL RINGS AND PLUGS FOR OIL CHANGES

CORTECO, the leading specialist for the independent automotive aftermarket, has now expanded its portfolio by a large selection of **34 oil drain plugs** and **25 seal rings** in poly-bags for 9.268 vehicle applications. CORTECO offers the plugs in a pack of ten and the 25 seal rings in twenty or hundred packaging units.

With this expansion of its portfolio, CORTECO contributes in a big way to a further reduction of sourcing efforts for the independent workshops. With increasingly longer oil change intervals, it is vital to change the seal and the oil drain plug in order to achieve perfect sealing.

The table shows examples of the CORTECO 34 oil drain plugs in poly-bags:
