

# CABIN AIR FILTER

Nearly one in two new cars equipped with cabin air filtration are fitted, as standard, with a Freudenberg micronAir® filter.

The future will run on electricity. Corteco is constantly expanding its range of products and due to the strong connection between Corteco and Freudenberg, most cabin air filters are **First-to-Market**.

Corteco has now expanded its range of cabin air filters for **the innovative Model S of the world-leading electric vehicle manufacturer TESLA**. These filters are fitted as OE and are available either as particle or combi filters.

Selection of the new cabin air filters in range 09/2017:

Art.-No.	Description	Manuf.	Model	Code	OE-No.
49393534	Particle	TESLA	MODEL S	CP1547	100747900A
49393535	Combi	TESLA	MODEL S	CC1547	100747900A
